

In the Earth, Seven Gifts lay waiting. Then the rains came ... as a young boy taking on a "profound and insane" journey through strange, interwoven worlds to find and germinate the Gifts.

He is aided by "some of the most bizarre and memorable characters that have ever appeared in a book". From a reject rock star to a lonely white dolphin, each shows the boy the way of a Gift.

And with the guidance of an Angel in a mysterious garden, the boy awakens the Seven Gifts; and the Seven Gifts awaken us.
